

Auraria COVID-19 Vaccination Update

The 5th Street Garage Covid-19 vaccination site has moved to an [open-scheduling format](#) and is open to all Auraria Campus constituents and community members ages 12 years and older, including walk-ups. [Scheduling in advance is preferred, but walk-ups are welcome.](#)

The clinic will continue to offer the two-dose Pfizer vaccine. Anyone seeking their first shot will be required to schedule their second shot. Individuals who received a first dose of Pfizer elsewhere can request their second dose at the 5th Street Garage vaccination site but must bring their vaccine card to their second appointment.

Additionally, the 5th Street Garage Covid-19 vaccination site now has expanded hours.

- Monday – 8 a.m. - 5 pm.
- Tuesday – 1 p.m. - 8 p.m.
- Wednesday – noon - 5 pm.
- Thursday – 8 a.m. - 5 pm.
- Friday – 8 a.m. - 5 pm.
- Saturdays – 8 a.m. - 5 pm. (June and July)

It is critically important that all Auraria students, faculty and staff receive vaccinations at their earliest opportunity. We encourage everyone to [schedule or walk-up at the 5th Street Garage location](#) or ANY of the other vaccine distribution sites, including new walk-up clinics, in the state:

- [Ball Arena Vaccination Site \(walk-up available\)](#)
- [Dick's Sporting Goods Vaccination Site \(walk-up available\)](#)

- [VaccineFinder.org](https://www.vaccinefinder.org)

Having a vaccinated Auraria community will directly improve campus safety, enabling a robust in-person fall semester. Thank you for getting vaccinated as soon as possible!
