UNIVERSITY REQUIREMENT

WHAT IS MSU DENVER'S HEALTH INSURANCE REQUIREMENT?

MSU Denver students taking nine (9) or more credit hours in the Fall or Spring are **required to have health insurance** that complies with the University requirement.

To learn about the health insurance requirement, please view a brief video at: healthcenter1.com/domestic-health-insurance-requirement

Video available in English and Español.

What do students need to do to meet the requirement?

Students can meet the requirement by fulfilling option A or B:

OPTION A

Students can accept automatic enrollment in the University-sponsored Student Health Insurance Plan (SHIP). There is no need to take any action or to sign up for SHIP.

Enrollment in SHIP is automatic when a student registers for nine (9) or more credit hours in the Fall or Spring. The SHIP premium is automatically added to a student's tuition and fee account.

Unlike any other health insurance plan offered through employers or Colorado insurance carriers, SHIP offers exclusive 100% coverage benefits for services at the Health Center at Auraria. The cost of SHIP is the same no matter how old you are, where you live, and is available to undocumented students.

See link in blue bar below for premium information.

OPTION B

Students insured by a compliant health plan can submit an online health insurance waiver form by the deadline to opt-out of the University sponsored SHIP. **A waiver form is required for each Fall and Spring semester of attendance.** Plans will be audited for compliance and verification of coverage. Once audit approval occurs, the SHIP premium fee will be removed from a student's account. Waivers cannot be granted if submitted after the deadline or if the student's health insurance does not meet compliance requirements.
